Tamika Robinson, owner of Harbor Crest Childcare Academy at 24251 Lakeshore Blvd., called police to report that she suspects that one of the children that patron the childcare facility was being physically abused at home. At the time of the call, Tamika told dispatch that her and her staff have noticed different "marks" on the child throughout the last week. Tamika also requested an ambulance because she has noticed that the child was bleeding from her ear and had sustained a head injury. I was dispatched to the facility.

Upon arrival, Euclid Fire Department rescue squad #1341 was on scene tending to the child. I identified the child as Aniya M. Day-Garrett. I observed Aniya before she was transported to the hospital and she had dried blood inside of her left ear, large scabs covering the majority of her nose, and some abrasions to her scalp between her braids. Aniya was shy around strangers and would not speak with me about what happened. Aniya was transported to Euclid Hospital via EMS without incident, and the paramedics left her in the care of Physician Assistant Michelle Moehler and the Emergency Department staff. Michelle Marshall, an employee of the child care facility, followed the rescue squad in her personal vehicle to the hospital.

I spoke with Tamika and she reported that Aniya lives with her mother Sierra Day at 24451 Lakeshore Blvd., #119. Tamika spoke with Sierra on the phone and advised her that Aniya was being transported to the hospital. Tamika reported that she took over ownership of the facility in April of 2017. On Monday of this week, May 15th, 2017, Sierra brought Aniya into the facility to drop her off. At that time, Aniya had fresh scrapes to her nose. Sierra told staff that Aniya fell while playing at the park. However, when staff spoke with Aniya, she told them that mommy had pushed her down at home and her nose got hurt on the carpet. Aniya also told them that "mommy keeps saying that it happened at the park". Per policy, Tamika documented Aniya's injury in an internal incident report known to them as a "Child Observation Form". When doing so, Tamika noticed a stack of similar incident reports in Aniya's file, dating back to 2015. The previous reports were made by the previous owners of the facility. A few days later on Thursday May 18th, 2017, Sierra dropped Aniya off at the facility. That is when staff noticed the dried blood in her ear and the abrasions on her head. Tamika completed another incident report and contacted police.

Tamika provided me with copies of all of the previous incident reports made concerning Aniya. I reviewed the reports and summarized them as follows:

September 17th, 2015 - Bruise to right side of face, looked like a hand print.

October 22nd, 2015 - Bruise to right side of face, looked like a hand print. Child cried most of the day .

September 12th, 2016 - Bruises on face, eye, and arm. Mother stated that Aniya had fallen out of bed and she removed some bandages from where Aniya had gotten shots.

September 21st, 2016 - Bruises on her face, under her eye and on her eye lid. Aniya stated that mom did it.

October 25th, 2016 - Bump on head. Aniya was crying.

December 1st, 2016 - Aniya had a bruise under her right eye and was crying. Aniya stated that mom had hit her. Mom stated that it happened at Applebee's.

December 2nd, 2016 - Bruise on left? Aniya stated that mom has been hitting her.

May 18th, 2017 - Right side of head and ear. Swollen and dried blood.

Copies of these incident reports were attached to this report. Tamika and Michelle completed written statements.

I asked Tamika about Aniya's behavior while she is at the childcare facility. Tamika told me that Aniya constantly wants to be held and hugged. She stated that she constantly asks, "Am I being good?"

Sierra came to the child care facility while I was on scene. She was advised that Aniya had been transported to the hospital via ambulance. Sierra told me that when she dropped Aniya off, she did not notice blood inside her ear or abrasions to her scalp. Sierra implied that the injuries were caused by the childcare facility. Sierra denied physical abuse in her home. I asked Sierra who Aniya had been with recently and she told me "her grand daddy". She stated that she was with him until about 2300 hours on May 17th, 2017. Sierra then picked her up and brought her home. I asked for his information and she identified him as Michael Lared. I asked for a phone number for him, but she stated that she did not know it and that she only communicates with him through facebook. I asked her where he lives and she would only tell me "the west side". She then went on to tell me that he is not really her grand daddy but is a friend's dad. I asked what the friend's name was, and she stated Dashiaa Marie. However, she was unable to provide me with any further information on Dashiaa. Sierra then left to go to the hospital. I attempted to locate further information on Michael Lared and Dashiaa Marie, but was unable to locate any matches within LEADS.

I responded to Euclid Hospital. I spoke with the hospital social worker, Jessica Jenkins, and she advised me that she had contacted Cuyahoga County Children and Family Services. A social worker was on her way to the hospital. I spoke with nursing staff, and they advised me that they had evaluated Aniya, and did not locate any other scars, marks, bumps, or bruises on her body. I photographed the abrasions to Aniya's scalp, the scabs on her nose, the dried blood in her right ear, and a scratch the on the right side of her chin. Aniya kept complaining of pain and discomfort on the right side of her face.

I spoke with Sierra further about the incident in the waiting room of the Emergency Department. It was decided that Sierra and Aniya be seperated until the county social worker arrived. While speaking with

Sierra, she suggested that the staff at the childcare facility hits Aniya. She told me that Aniya has told her that they hit her, but she did not take it seriously because Aniya lies. I gave Sierra the opportunity to complete a written statement to be attached to the report, but she refused stating that she was too stressed at this time. She was given a statement form to take with her, should she wish to complete it at a later time. Sierra agreed to sign a "Cleveland Clinic Authorization to Disclose Health Information Form".

County social worker Tawana James arrived at the hospital. I passed on the information I had and provided her with copies of the childcare facilities incident reports. She provided me with county intake number 38988833. Tawana spoke with Aniya and Aniya spoke to her. Aniya told her that her mommy hits her and hurts her.

A copy of this report was forwarded to the detective bureau. The photographs were uploaded into the DIMS-2 server.
